

Product description
Modular valve
Manifold Adaptor
MA1 and MA15

DESCRIPTION

Three ranges of piping adaptors suitable for mounting the modular measuring valves, DDM1, SDM1, DDM15 and SDM15.

BENEFITS

- Adaptors can be permanently fixed to the lubrication system pipework before valves are fitted reducing possibility of contamination during installation period.
- 'O' Ring recesses are fitted into the top of the adaptor so that the fitter can observe the condition of the 'O' rings when he is fitting the module.
- Adaptors are available from stock suitable for fitting from one to four modules.
